Welcome to Beau Tarot  
I hope you have many enjoyable readings.

Tarot card meanings vary from generation to generation and from deck to deck. But many adhere some symbolic relationship with the Journey of the Hero, the Fool ( the Devine Child) and his paths to self discovery. What follows is my brief interpretation of the cards, but there are many variants out there. Cards can be read Upright or R. Reversed.

A quote that I love and think explains the journey well.

"Thus the whole of the series of the twenty-two trumps will give a connected sentence which is capable of being thus read:- The Human Will (1) enlightened by Science (2) and manifested by Action (3) should find its Realisation (4) in deeds of Mercy and Beneficence (5). The Wise Disposition (6) of this will give him Victory (7) through Equilibrium (11) and Prudence (9), over the fluctuation of Fortune (10). Fortitude (8) sanctified by sacrifice of self (12), will triumph over Death itself (13), and thus a Wise Combination (14) will enable him to defy Fate (15). In each Misfortune (16) he will see the Star of Hope (17) shine through the twilight of Deception (18), and ultimate Happiness (19) will be the Result (20). Folly (0), on the other hand, will bring about an evil Reward (21)." Samuel Liddel MacGregor Mathers.

Strength/Fortitude (8) and Justice/Equilibrium (11) placement are sometimes exchanged in tarot decks.
